Wet and Dry Somersault Of Sharkey

Today, the holy Sabbath, is a good time for thoughtful people to consider some of the things that have become issues in the campaign between Will R. Sharkey, incumbent, and Louis E. Davis, for State Senator.

Sharkey's chief spokesman in Richmond stated on Friday afternoon that Sharkey, in speaking before the Church Fellowship at El Cerrito on Thursday evening took "an emphatic stand for law enforcement and for the maintenance of laws relating to liquor and an unequivocal pledge of support to the policies of Herbert Hoover."

It is simple and easy for a case hardened politician to make promises on the eve of election. But intelligent people who are not to be caught by lofty phrases, in studying a candidate will study his promises and pledges in the light of his performances.

SHARKEY AND THE LIQUOR QUESTION

As every one knows, Herbert Hoover has been consistently dry for years. His party platform declares for strict enforcement of the Volstead Act and no modification of the Eighteenth Amendment.

HERBERT HOOVER IS HONEST IN HIS POSITION

Sharkey SAYS he "stands with Hoover."

Dr. Arthur H. Briggs, state superintendent on Page Eight

Hot off the Griddle

OPTIMISTS WHO HOPE FOR world peace see significance in Foreign Minister Stresemann's visit to Paris to sign the American anti-war pact for the Germans. Allied troops still are in his territory, but the Germans have had enough of war and Stresemann is doing the diplomatic thing. Thus far listed to sign this treaty, only binding morally, are America, France, Germany, Belgium, Great Britain, Japan and Czechoslovakia. Russia, bruised, bleeding and trying to find herself after a great revolution, is left out in the cold. Mussolini, who will not have much chance to be a second Napoleon if everybody is going to be good, will let his ambassador do the signing. This will be an awfully big scrap of paper to tear up, but somebody probably will try to do it.

WALTER P. CHRYSLER, ONE of the motor car magnates of the United States, is expected to visit Richmond on Page Five

Lad Injured As Cars Meet

Nicholas Elefther, 11, 162 Fourteenth street this city was treated by Dr. Hedges at the Emergency hospital last night for lacerations of the face and arm and possible fracture of the arm as the result of an accident yesterday afternoon when the car in which he was riding with his father Angelo Elefther, collided with a machine operated by Antonio Anellino, 615 Standard avenue. The collision occurred at the corner of Forty-seventh and Potrero.

RETURN FROM TRIP

W. A. Connell of the Golden Rule Chevrolet agency and Thomas Crowley of the Oakland agency, have returned from a motor trip to Tuolumne, Yosemite and other high Sierra points.

Sharkey Has No Answer For 50-Million Grab Bill

More than three weeks ago the Record-Herald published certain charges against Will R. Sharkey, State Senator from this district, and asked him to tell the citizens and the taxpayers why he had promoted, sponsored and voted for one certain piece of legislation: Senate Bill No. 846, now known and discussed wherever two or more people meet as the TOLL BRIDGE GRAB BILL.

TALE OF THE BETRAYAL

We charged that Sharkey in assuming authorship of that Bill and acting as its guiding genius and finally jamming it through the Senate on the last day of the Legislative session, had betrayed the people whom he is supposed to represent.

SHARKEY MUTE AS A CLAM

From time to time the charges have been reiterated, but up to this good hour, Sharkey has remained as mute as one of the clams that burrows in the mud flats.

The Bill was designed and intended to make a gift of Twenty-Five to Fifty Million Dollars in cold cash that rightfully would belong to the people of Contra Costa and Solano counties, to the American Toll Bridge Company.

The American Toll Bridge Company knew what the law on toll bridges was at the time they sought and obtained the franchise for the bridge. They were well satisfied with the grant obtained from the Boards of Supervisors of the two counties.

SHARKEY'S MOTIVES MYSTERIOUS

And yet, Senator Sharkey, for reasons and motives which you have not disclosed to the people, you became the daddy of the bill and jealousy fought for its passage at every step of the way.

SCANDAL SHOCKS WHOLE STATE

Even after the Bill had been introduced and was on its slimy course through the dark and devious ways of unholy legislation, and the scandal of it was causing ugly talk all over California, you remained obdurate and stood by the bedside of this ugly offspring and insisted upon ramming it down the throats of a suspicious and nauseated public.

SUPERVISORS PROTEST IN VAIN

In spite of the fact that the five supervisors of Contra Costa county unanimously passed a resolution literally begging you not to vote for such a Bill, you not only voted for it, but became the handmaiden and wet nurse of the measure.

Supervisor Zeb Knott, of Richmond, and the other four supervisors, representing all the people, of all sections of the County, told you they were opposed to the Bill.

PLUNDERING PUBLIC TILL

Because they knew what you knew, that if the Bill became a law it would mean making a gift to the American Toll Bridge Company of Twenty-Five to Fifty Millions of money that belongs to the people.

Twelve Senators stood firm and refused to be bullied,

bamboozled or bribed into plundering the public till.

SENATOR NELSON HONEST MAN

Senator Nelson, a kinsman of A. Nelson, of the San Pablo Lumber Company, of Richmond, voted against the bill. Senator Nelson was not to be found back of a bill that was branded as worse than bad.

INTERNATIONAL LABOR LEADER AGAINST BILL

Assemblyman M. J. McDonough, of Alameda county, and International Vice-President of the Operative Plasterers and Cement Finishers International Association, of the United States and Canada, voted against Senate Bill No. 846 when it reached the assembly.

Mr. McDonough, a fair, honest and capable man who tries truly to represent the people of Alameda county, voted against this vicious Bill because he regarded it as against the best interests of "the man and woman who labor."

WHERE RECORD IS WRITTEN

The record of the vote is on Page 2300, of the Senate Journal for 1927.

Mr. Sharkey, once again, we ask you to face the people of the First District of Contra Costa County and of the entire County and of the entire District, and tell them that Senate Bill No. 846 was not a rotten piece of legislation and one that would have robbed them of millions!

SHARKEY, "EXPLAIN" SOME MORE

Do you dare say to the great mass of common people of your district — people who eat their bread in the sweat of their faces — that you were true to the best interests of "the men and women who toil" when you jammed that Toll Bridge Grab Bill through the Senate?

It's possibly tiresome to you and to your chief supporters to be asked this question again and again: Why did you sponsor such a Law?

DODGING AND DUCKING FUTILE

You may try the old dodge of introducing "character witnesses" to show that you believe in a salt water barrier; or that while you missed 3109 roll calls, Senator X missed 3110, but such irrelevant piffle is no answer to the charges we have made.

Your failure to answer plain questions brands you as guilty of the charges.

CRACK THIS NUT, SHARKEY

And, since your chief supporter has asserted that the "little tin whistle" has played only two notes, we will add another number to our repertoire, and ask why you voted for Assembly Bill No. 263, the Law that would have made it easy for sordid employers to work women for unlimited hours and for seven days a week?

VOTES AGAINST LABOR

Miss Viola Cox, secretary of the Central Labor Council, and one of the objects of your chief supporter's heartless and

OIL SPOT ON OCEAN CLUE TO MYSTERY

SEATTLE, Aug. 25 (U.P.)—A huge body of oil on the water of Puget Sound off Point No may be a clue to the mystery surrounding the missing 14 passenger Ford trimotored plane that was due here from Victoria, B. C., at 11:30 a. m. today.

Passengers and pilots aboard the plane when it left Victoria were Mr. and Mrs. A. M. Scott, London, Thomas E. Lake, far eastern manager of the Union Oil company, San Francisco; Dr. D. B. Holden, Victoria, B. C.; Pilot Harold Walker, Seattle and the lead pilot, Louis Carson, Seattle.

Commander John Dale Price, commandant of the naval air station at Sandy Point took off in search for the plane and its occupants on hearing it was overdue.

When he returned he said he had seen a body of oil at the point named. He said his observers circled the spot several times and were unable to see anything other than the oil spot.

When told by Price of the discovery, G. C. George, Bryan Maw airport representative of the British Columbia Airways Ltd., owner of the plane, commented tersely: "That's where it is."

SHARKEY CLUB 'EMERGENCY'

It is estimated that there are 2000 men in Richmond who served in the Army, Navy or Marine Corps during the World War.

Accepting these figures as true, the "Veterans Club for Sharkey" formed in Richmond "for the emergency with a membership of 20 does not appear as formidable as a machine gun battalion led by Sergeant York. Ho hum!

Two of the members of the "emergency" club are part of the staff of the afternoon paper. One of them "declines to state" his political affiliation and cannot take part in the primary. Too bad!

The American Legion, the Veterans of Foreign Wars, the United Spanish War Veterans and their auxiliaries wisely are prohibited by their constitution or by-laws from officially endorsing any candidate.

Some frenzied deputies from the court house came down to Richmond not long ago and tried to force the United Veterans of the Republic to endorse Sharkey, but "wiser counsel" prevailed, and the effort proved abortive.

We will now sing "When the Roll Is Called Up Yonder, I Won't Be There." (Words by Sharkey.)

Intolerance Is Topic Of Sermon

In the heat of the Political campaign now being waged much is being said about "intolerance." Rev. C. G. Lindemann of Wesley Methodist church, has prepared a short address dealing frankly and fairly with this subject. This address will be given following the special musical program at the church at 7:45 this evening, during which George William will render two whistling solos, and the choir will render an anthem "Father in Heaven, The Day Is Declining." This morning Rev. Lindemann will speak on the subject "The Triumph of Righteousness." Mrs. Arthur Stribley will render a contralto solo.

HAVE COURT CASES

Richmond attorneys having cases in Martinez tomorrow are Clara D. Horner T. H. DeLap, T. M. Carlson and Homer W. Patterson.

\$2,000,000 BONDS FOR LOCAL WATER SYSTEM PLAN ARE SOLD

Bonds to the amount of \$2,000,000 were sold last night by the directors of the East Bay Municipal Utility District to finance further construction work on Mokelumne water project.

The highest premium bid was received by R. H. Moulton company and the bonds were awarded to it. The price bid was \$88,888. Other bids were by the Security company of Los Angeles, \$84,081; Bank of Italy, \$10,215; Dean Wilcox company \$9,808; Halsey Stuart company \$39,254; Bond and Goodwin and Tucker, \$56,580; Central National Bank, \$23,385; for the \$2,000,000 worth of the bonds.

The issue of \$2,000,000 makes \$250,000,000 of bonds sold out of the total of \$29,000,000 approved by the people at the election of November 1924.

The money will be used to make progress payments on the Mokelumne water project the chief items of which now under way are the Pardee dam, Claremont tunnel and Lafayette reservoir.

No bonds have yet been marketed out of the \$26,000,000 issue approved for the acquisition of a water distribution system.

Nations Ready To Sign Pact

PARIS, Aug. 25 (U.P.)—Representatives of 15 great nations will meet here Monday and solemnly pledge their peoples to outlaw war from the earth.

Every train today brought diplomats and plenipotentiaries from foreign countries. Never since the signing of the treaty of Versailles ending the World War has there been such a gathering of men prominent in the world's capitals.

The United States, as it did at the Washington disarmament conference, has taken the lead again in the search for peace. Frank B. Kellogg, the United States secretary of state, who will sign for his country, proposed the agreement after an exchange of ideas with Aristide Briand, the French foreign minister. Despite the desire he has expressed to the contrary, the treaty seems destined to bear his name.

The capital was gaily decorated today in honor of the event.

Levine May Try Atlantic Jump

LONDON, Aug. 25 (U.P.)—Charles A. Levine, New York's flying business man, landed here at 8:12 tonight on the second stage of what may turn out to be an attempt to cross the Atlantic from east to west.

Levine started from Dessau, Germany, where he received his new plane, Queen of the Air, from the Junkers works yesterday. He stopped in Brussels, Belgium, at noon and then continued here.

AT PETALUMA

Mr. and Mrs. A. E. Wallin of 66 Sixth street are spending the weekend in Petaluma.

RESUMES BUSINESS

Following a vacation of three weeks spent with her parents in Pacific Grove, Miss Margaret Jenkins has resumed her duties in the Southern Pacific freight office.

Earth Tremor Hits Algeria

PARIS, Aug. 25 (U.P.)—An earth quake was felt over a large portion of Algeria early today. Principal property damage was at Orleansville, Inkermann, Taltel, Mostaganem and Relisane.

Algeria was visited last week by an earthquake, tidal wave and hurricane that took a heavy toll in lives and property.

TASHKENT, Russia, Aug. 25

Earthquake tremors were felt here today. It was believed the disturbance centered on the eastern side of the Altai mountains, which are 380 kilometers from Tashkent.

Richmond Mermaid In Oakland Swim

Frances Perricone will represent the municipal natatorium in the swimming events at Idora park this afternoon. She will be entered in the 220-yard free style.

Two weeks ago the local girl placed second to Evelyn Mefford at Boyes Springs. Today due to the entry of Monta Morgan of Willows she will face strong competition.

Husband and Wife

SOCIAL EVENTS

GRANT P. T. A.
PLANS FOR
LUNCHEONS

Discussion of plans for the next few months occupied members of Grant Parent-teachers association when they met this week with President Nellie Lambrecht. The serving of hot lunches twice a month to the teachers will begin within the month, the money derived to be used for association purposes. Heading the luncheon committee is Mrs. Leist.

Welcoming new members of the association, Mrs. C. R. Blake, president of the P. T. A. council spoke shortly at the meeting. Mrs. H. F. Loda, president of the Union P. T. A., was a visitor.

Committee members whose appointments were made are:

Child welfare, Mrs. Mary Keltz and Mrs. Anderson; program, Mrs. Chaplin; Blue Birds, Mrs. Ber. Curry; American citizenship, Mrs. Martin; publicity, Mrs. L. Noel; tea, Mrs. Leist; press, Mrs. Kundergarten; Mrs. W. H. Loda; membership, Mrs. H. F. Loda.

Hereafter the Grant P. T. A. association will meet the second and fourth Thursdays of each month.

Small Guests Help
To Celebrate
Friend's Birthday

Several small guests were entertained by little Bernadette St. Golden at her first birthday party this week at her parents' home, 1009 Nevada avenue. Music, children's games and singing filled the afternoon. Little Martin Wade and Trith Boughner received awards in one of the games.

Later in the afternoon dainties were served. The guests, receiving with delight the glimpse of a large birthday cake with one candle on it.

The small guests included: Cleo Wade, Martin Wade, Ray Sisy, Jean Donnelly, Fran Boughner, Jean Cole, Lois Anderson, Ruth Anne Langford, Muri Hennesken, and Genevieve Walker.

The older folks present included the hostess's mother, Mrs. Robert Golden, her grandmother, Mrs. Lucey, Mrs. Herring, Mrs. McFarland, Mrs. O. Cole and Mrs. Langford.

Several friends of Mr. and Mrs. Golden who dropped in for a pleasant evening included:

Mr. and Mrs. McFarland, Mrs. Herring, Mrs. Silva, Mr. Hopkins, Miss Ruby Vance, Richard Sullivan and Mrs. Wunderlich.

Birthday Of
Raymond Wilson
Is Celebrated

Little five-year-old Raymond D. Wilson, Jr. entertained his young friends this week at a birthday given in the home of his grandmother, Mrs. E. J. Howland of Ho Tunnel road.

Toys and games amused the children until refreshments were served.

The guests included: Keith Robert of El Segundo, Trefry and Teddy Ross, Sonny and Irma Jane Kraus, Robert Howland and Walter Wilson.

Several friends of Mrs. Howland who assisted her in the party were Mrs. Roberts, El Segundo; Mrs. C. S. Howland, Mrs. Alfred Kraus, Mrs. R. P. Paasch, Mrs. L. J. Howland and Mrs. R. D. Wilson of Stockton.

WHITTESEYS HOSTS
AT DINNER PARTY

Mr. and Mrs. Norman Whittlesey of 2701 Downer street, were hosts at a dinner party in their home for their cousins, Miss Clara Miller of San Diego and Miss Clara Wood of San Francisco. William D. Clingman was also a guest.

MRS. KISTER
HOSTESS AT
BRIDGE TEA

Mrs. H. E. Kister was a charming hostess this week at a bridge tea honoring Mrs. Bertha Spencer, national and in the United Spanish War Veterans Auxiliaries. A profusion of summer flowers decorated the Kister home in Sacramento avenue where cards were followed by delicious refreshments.

The guests which included both national and departmental officers of the U. S. W. V. auxiliaries were: Mrs. Esther Smith, president of Dewey auxiliary of this city; Mrs. Betty Bassett of San Luis Obispo, department president; Mrs. Adele Chase of Oakland, senior department president; Mrs. Anna Collier, Mrs. Anna Wosney and Mrs. Beatrice Corrigan of Liscom auxiliary; Mrs. Helen Hancock and Mrs. Lou Troutman from East Oakland auxiliary; Mrs. Mayme Hakey of Alameda; Mrs. Emma DePew of Hayward; Mrs. Mary Farrel and Mrs. Lillie Harvell of Berkeley; Mrs. Anna Gordon Gordon of Sacramento; and Mrs. Mae Keltz, Mrs. Bertha Spencer and Mrs. Bessie Poulsen of Richmond.

Holders of high score were: Mrs. Bessie Poulsen, Mrs. Beatrice Corrigan, Mrs. Mary Farrel and Mrs. Esther Smith. Consolation prize went to Mrs. Mae Keltz.

GAY PICNIC
ENJOYED BY
SCOTCHMEN

Alvarado Park was a gay scene yesterday afternoon when scores of local Scotchmen and their families met for the annual picnic and get-together. Members of St. Andrews society sponsored the affair, issuing invitations to brother societies in Oakland, San Francisco and the Clan McDonald of Oakland.

Sports and games were the features of the afternoon. Their only competitors was the bagpipe playing. The weather being unusually mild, basket lunches were brought out and luncheon dainties were enjoyed.

Heading the sports committee were George McCord, James Stuart, George Black, Tom Watson and William Doull.

WOGS Enjoy 'A'
Pleasant Evening
Of Card Games

Mr. and Mrs. N. W. Whittlesey, 2701 Downer street, entertained several friends at a charming dinner party this week. Cards were the amusement of the evening. Those who attended were the Whittleseys, Owens, Greens and the Slaughters or the "Wogs" as they call themselves, a name coined by their initials.

A Wogs beach party has also been planned for the early part of next week, when Mrs. Owens, who has been visiting in Texas for the past two months will be able to join them.

Dinner Party
Will Honor Mr. and
Mrs. Williams

Honoring Mr. and Mrs. Lowell Williams, who are leaving shortly for Los Angeles, where they are to make their home for several months, a no-host dinner was held at a restaurant nearby.

In addition to the Williams, those present were: Mr. and Mrs. Webster McGraham and Mr. and Mrs. E. R. Stribley, Mr. and Mrs. E. Williams, Mr. and Mrs. Albert Graham, Miss Martha Wilson and Leroy Bryan.

IMPROVEMENT CLUB
HAS SOCIAL EVENING

An interesting social evening was enjoyed by the members of South Richmond Improvement club last evening. A musical program was followed by dancing and a social hour.

The arrangements were in charge of Mrs. Dorothy Howden, assisted by Mrs. M. Bagley.

NASH DEALERS HAVE CHANCE TO SET RECORD

Nash dealers have an excellent opportunity to get at the head of the procession in their price class, H. P. Huddleston, local dealer, was told in a conversation with General Manager Simpson of the Pacific Nash Motor company San Francisco.

"Where will you find another line of merchandise that in looks, action, variety, price and performance will compare with the new Nash? asked Simpson.

"The public response and reaction to the Nash line has been wonderful, and generally speaking, the public reaction to the other lines has not been so good. We are not so much interested in the other fellow being pulled down as we are in the very favorable response which our line has met with the opportunity we have to push while we have momentum.

"I have only recently returned from a 2771 mile trip in an Advanced '400' series car," Simpson told Huddleston, "which was the most marvelous automobile trip I have ever taken. Going east my gas mileage averaged 17.9 miles per gallon and coming west, 16.2. My average per quart of oil was 400 miles. I returned to San Francisco with the same air in all tires and with the same water in the radiator. I did not start out to make any records, for the car which I took had gone but 187 miles when I left here, but my trip to Salt Lake City averaged 42 1-2 miles per hour running time, beating the Overland Limited by five hours running time. If anyone tells you that an automobile will not travel 80 miles an hour, or that you cannot romp on the car hour after hour at fifty, sixty or seventy miles per hour, just refer them to me and I'll give them all the proof they want, and bet them anything they want to bet."

Simpson declared, according to Huddleston, that since June of this year when the new models were introduced Nash registration has jumped from tenth place to fourth place, with probably a dozen cars separating Nash from third place.

Buick Car Has Ardent Booster

Just another enthusiastic booster for the newest in automobile style and mechanism is William Wareskjold, 826 Paloma avenue, prominent Eastbay real estate operator, says C. C. Kratzer, local Buick dealer.

Wareskjold, owner of six consecutive previous Buicks, was one of the most impatient of the long list of Oaklanders waiting for the presentation of the 1929 Silver Anniversary models. Thus it came that bright and early announcement day, he proudly drove away from the Howard automobile company's Oakland store with one of the sensational new four-door sedans.

To J. Neil Johnson of the Oakland Buick organization Wareskjold related some of his reasons for insisting on "Buick and none other."

"I drive a car 3000 miles every month—some months more—and you will agree it takes a real car consistently, in all kinds of weather and on all kinds of roads, to stand up one hundred per cent under such forcing. I have proven to myself conclusively that Buick is the most dependable car available for such work, so I am going to stick with it."

Wareskjold expressed himself as especially delighted with the new and daring body lines of the 1929 Buick, opining that the new car with its ideal combinations of beauty and comfort features should definitely set a new automotive style standard.

Indian Herbs

Is a good family medicine composed principally of herbs, roots and barks. An excellent liver regulator for sluggish bowels, kidney and constipation. You can get the money back at any of the agencies where you bought them if Indian Herb Compound does not benefit you after directions have been followed.

Indian Herbs are for sale by all local drug stores and at many other business places whose addresses are listed on the second page of the circular in each free sample given at all the local agencies. G. W. McPherson, resident agent for The Great American Herb Co., 607 Macdonald avenue.

New Erskine Six Club Sedan

BEAUTIFUL new body lines, narrow, deep radiator and winged radiator cap distinguish Studebaker's new Erskine Six Club Sedan, recently announced. Hydraulic shock absorbers and longer wheelbase on all models provide luxurious riding comfort.

Many Scenic Attractions San Mateo County Lure

San Mateo county affords some of the most scenic and beautiful trips in the entire San Francisco Bay section, according to L. L. Norris, manager of the touring department of the National Automobile club.

One of the trips, which offers a diversity of scenery difficult to equal, is to leave the main highway just north of Mountain View and to continue over paved road to Los Altos. Incidentally, this part of the trip and the next few miles is in Santa Clara county. Just after leaving Los Altos, a good dirt and gravel road branches to the right, passing numerous magnificent estates, summer homes, prosperous fruit orchards, and the homes of many wealthy San Franciscans. This is known as the Alpine creek road.

The road ascends over easy grades through the foothills for three miles, at which point steady up-grade, running from 12 to 14 per cent, is encountered for three miles. The road is good, though it is narrow and winding, necessitating careful driving. Just after reaching the summit, the first few miles are rough and chunky, and this is followed by a dirt road.

Separation Of Grade Is Traffic Aid

Several leading cities in the country are adopting the policy of separating the crosswise motor traffic from the main thoroughfare at busy intersections by elevating or depressing the crosswise thoroughfare. In some cases the grade separation is effected by raising the level of one street slightly and depressing the level of the other so that there is a minimum of change of grade at either thoroughfare.

San Francisco has an excellent example of grade separation, points out the California State Automobile Association, in the vehicular viaduct at the point where Market street terminates in the busy embarcadero. Here where four street railway tracks terminate in loops and pedestrian commuter traffic and waterfront vehicular traffic meet, grade separation has been the answer to a pressing problem of peak load congestion.

Among other cities which have adopted such improvements are New York, Chicago, Detroit, Pittsburgh, St. Louis and Los Angeles.

Foreign Buying Of American Cars Increase

Foreign buying of motor cars will figure largely in the future of American automobile manufacturing, it is evident in export figures. Sales of American made automobiles abroad now stand third in the list of the country's exports, according to the California State Automobile association, and this purchasing has increased by 425 percent during the last five years.

The opportunities for increased markets overseas is revealed in other countries. There is one car for every five people in this nation, practically one automobile per family, while at the other end of the scale is China with only one car for every 20,000 inhabitants. The average for the world as a whole is 59 persons for every car. Following the United States is Canada, with one machine for every 10 persons. Australia is third with 14 persons per car, and the United Kingdom is fourth with 37 persons per car. There is a machine for every 40 persons in France while Germany has but one car for every 138 persons.

Exports of automobiles have increased tremendously. Exports totalled 78,000 motor vehicles five years ago, while it is estimated that 450,000 cars and trucks will be shipped abroad this year.

READ IT FIRST IN THE RECORD-HERALD

Police Chiefs Prepare For Anti-Automobile Theft Drive

A nation-wide drive to halt the

auto thefts will be one of the results of the recent annual convention of the International Association of Police Chiefs, according to information brought to San Francisco by W. H. Stoppel, superintendent of the National Automobile Theft Bureau, Pacific Coast Division, which will report to the convention, Stoppel reported, that will put a motion picture of the most common type of auto theft in the United States.

This drive will have the aid of the various police chiefs and will be a nationwide effort to reduce the number of auto thefts. It was brought out at the convention that in 1927 approximately 10 per cent of all the automobiles in use on the highways of the country were stolen cars. In 1928, in the last weeks of the year, it was estimated that about 220,000 cars were the booty of thieves. It all makes an effort to have the police departments of 14,000 cities and towns in order to prevent the thieves from making that country a haven.

As one of the chief features of this drive, it was determined that all information involving the theft of automobiles and other automobiles will be promptly exchanged by all cities of more than 20,000 population in the United States and Canada. This information, it is declared, will make the apprehension of thieves and the recovery of stolen cars more certain than under the present system.

Tahoe roads are considerably longer, although much better highways.

It is suggested by some motorists that arrangements be made to have extra rangers at the checking stations in order to permit continuous use of the road. A fee of 50 cents to pay this extra service is also suggested by some of these motorists who desire to make the overland trip by way of the Tioga Pass road.

READ IT FIRST IN THE RECORD-HERALD

AUTOISTS RAP NIGHT CLOSING OF TIOGA ROAD

With the recent opening of the Tioga Pass road over the summit, considerable criticism has been voiced over the fact that this road is closed at night between Aspen Valley and Tioga Meadows, according to reports to the National Automobile Club. This section of the road passes through the Yosemite National Park and therefore is under control of the National Park Service.

It is pointed out by motorists that this road is the most direct highway across the Sierra to the East and that its being closed for approximately twelve hours out of each twenty-four, during the summer months works a direct hardship on the many tourists coming from the eastern states into California who may wish to use this route.

Also it is declared that this road is direct connection from the Owens Valley region to Oakland and San Francisco and that valley residents, although the distance to the Bay Region is shorter, have to use the more accessible highways to Los Angeles and the Southern sections of the State. This journey is many miles longer, it is pointed out.

As now operated the Tioga Pass is under ranger control at the two checking stations and these are only open during the daylight hours. Any motorist who arrives at the checking station after dark is compelled to remain there during the night, thus losing many hours of driving if an overland journey is being made. "Automobile regulation No. 6 authorizes automobiles to enter Yosemite Park between the hours of a. m. and 8 p. m.," says a telegram to the Club from E. P. Leavitt, acting superintendent of the park, "and depart between 8 a. m. and 9 p. m. on all park roads, except the All-year Highway. Night travel on park roads would necessitate an extra shift of rangers, for which no funds are available."

Between these two checking stations there are no lateral roads leading into the Yosemite Valley, to enter which a fee of \$2 per car is charged by the United States Government. There is no way for a motorist to avoid this fee by driving through the section of the road at night.

It is further declared that the only other nearby direct route to the East across the Sierra is the Sonora Pass Road, which is never very good, while the Tioga Pass Road is always good except when it is closed by deep snows during the winter season. Both the Auburn-Tahoe and the Placerville

SHAVINGS ARE SALVAGED IN OAK FACTORY

There used to be a saying that the packing industry utilized every part of an animal but the squeal, yet even that doesn't give the packer the slightest advantage over the modern automobile manufacturer, says J. P. Strom, local dealer for Oakland-Pontiac cars.

Visitors going through the plant of the Oakland Motor Car company, at Pontiac, Michigan, says Strom, have noticed small piles of machine turnings, or shavings, accumulating every few minutes under various machines used in the building of Oakland and Pontiac Sixes. Several men go from place to place, carefully shoveling these turnings into steel containers. Not one visitor in fifty thinks to ask what becomes of them, supposing that eventually they reach the scrap heap.

The fact is those shavings represent potential automobiles. Far from being scrapped, they are run through a crusher and then placed in wire mesh baskets in a centrifugal motion machine which extracts practically 100 percent of the grinding oil. This is filtered and used again.

The crushed turnings are fed into a conveyor which carries them to a gondola railroad car, ready for shipment back to the steel mills. Lowered freight charges result from the crushing. Uncrushed, about 12 tons will go into a car; crushed, more than 40 tons.

Fifteen carloads are salvaged a month, or 20 tons a day. This reclaiming process has been in effect at the Oakland plant for several years. It is another instance of the efficient mass production methods which make possible so much automobile for so little money.

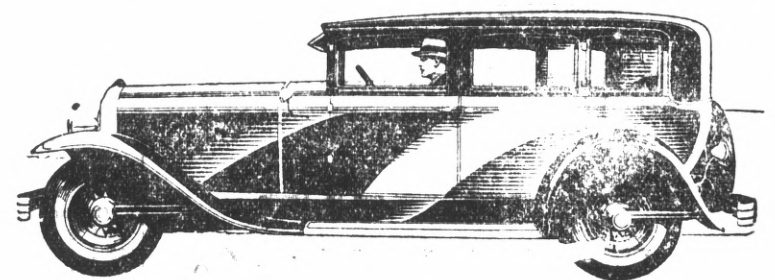

VISITORS FROM IOWA

WILL FROM HOME

Mr. and Mrs. Will England and Mr. and Mrs. Ed Nichols who have been visiting their niece, Mrs. A. J. Walter, 543 Eleventh street, are leaving Monday for their homes in Iowa. The visitors will make their trip home by motor.

Change of Address

Richmond Laundry, formerly located at 1517 Macdonald Ave. will move today to 316 Eleventh street, Richmond. Richmond Laundry Co. is operated by J. T. Ogata, 8 21 st.

New high pressure fueling ... and New high speed carburetion

Supplementing the amazing abilities of Buick's improved Valve-in-Head engine—providing brilliant new efficiency and effectiveness at all engine speeds—are two wonderful new Silver Anniversary Buick features.

A new high-pressure gas pump—completely eliminating the old-fashioned vacuum tank—assures a steady flow of fuel under all driving conditions; and a new high-speed carburetor—the most expensive employed on any motor car—produces unrivaled ease of starting, smooth operation and maximum economy.

The world-famous Buick Valve-in-Head engine—with these two engineering advancements—attains the highest

degree of efficiency of any automobile engine of the day... and attains that peak efficiency with any grade of fuel—low-test, high-test or in-between!

Hair-trigger acceleration! Dazzling new swiftness! Matchless hill-climbing—unrivaled ability to maintain a high pace hour after hour and day after day—these are not mere phrases but definite, authentic abilities of the Silver Anniversary Buick.

Take this new Buick out on the highway. Test it to the limit. Learn at the wheel the whole wonderful story of its new engine—new high-pressure fueling and new high-speed carburetion. Prove to yourself—it's the great car of the world!

Motor Travel Into Mexico Being Eased By Government

In an effort to expedite travel from the United States into the scenic and interesting sections of Mexico that country has cut red tape to a minimum and is now issuing tourist cards that will permit travelers to cross the border without any other credentials. The Mexican government has just published an executive order which outlines the use of these cards.

according to information received from Washington by the National Automobile club.

The executive order published by the Mexican department of State is as follows:

Subject: Companies organizing excursions or transporting excursionists are authorized to issue cards which shall serve as "pass-ports" for travelers.

Executive Order to the Immigration Bureau: In accord with the proposal submitted by that Bureau with date of the 21st instant, this department rules that the procedure suggested shall be approved in order to give greater facilities to the persons who wish to visit the country; and, to that end, this same Bureau shall proceed to regulate and put into effect the following:

Executive order:
1st.—The office of the Immigration Service shall permit the departure and entry into the country of persons who are the bearers of cards for visiting-tourists.

2nd.—These cards shall be issued with the authorization of this department by the companies organizing excursions or transporting excursionists; with the understanding that the nature of the respective form and record numbers of them shall be determined by the Bureau of this branch.

3rd.—No other formality, in so far as affects immigration, further than the presentation of the aforesaid card, shall be required from the bearers to enter the Mexican territory or to leave it, nor shall they be obliged to furnish data for statistics.

4th.—The companies authorized to issue the aforesaid cards shall incur the corresponding responsibilities and shall previously obligate themselves to fulfill them; to which end, they shall opportunistically approach the Bureau or this branch so that it may establish what the responsibilities are and the obligations which they must fulfill.

(Signed) C. Vazquez Vela, in charge of the Department.

California's annual crop of deer is estimated to yield six percent on an investment of \$78,000,000 according to figures received by the California State Automobile association. Deer hunting alone is estimated to have a value to the state of close to \$5,000,000.

Studebaker's Pledge to the Public on Used Car Sales

We sell USED cars on the same basis as we sell NEW cars—ONE PRICE—THE SAME PRICE TO ALL—every car honestly represented and honestly priced. You can buy any one of our fine used cars—under the protection of the Studebaker Pledge—and know you have made an investment in a quality car that will last longer, give infinitely more satisfaction, riding comfort, and power than a new car of cheap construction and uncertain life.

Measure used car value by the Studebaker Pledge.

No matter what make of used car you intend to buy you can not afford to purchase without first seeing our fine selection of open and closed models, painted in popular and striking color combinations, and backed by the Pledge that is your protection.

1—All used cars offered to the public shall be honestly represented.

If a car is suitable only for a mechanic, who can rebuild it, or for some one who expects only a few months' rough usage on a camping trip, it must be sold on that basis. Each car must be sold for just what it is.

2—All Studebaker automobiles which are sold as CERTIFIED CARS have been properly reconditioned, and carry a 30-day guarantee for replacement of defective parts and free service on adjustments.

This is possible because tremendous reserve mileage has been built into every Studebaker, which it is impossible to exhaust in years.

3—Every used car is conspicuously marked with its price, in plain figures, and that price, just as the price of our new cars, is rigidly maintained.

The public can deal in confidence and safety only with the dealer whose policy is "one price only—the same price to all." For to sell cars on this basis, every one of them must be honestly priced to begin with.

4—Every purchaser of a used car may drive it for three days, and then, if not satisfied for any reason, turn it back and apply the money paid as a credit on the purchase of any other car in stock, new or used.

It is assumed, of course, that the car has not been smashed up by collision or other accident in the meantime.

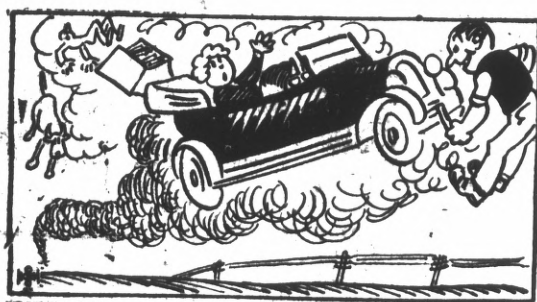

Not only to the public, but also to The Studebaker Corporation of America, whose cars we sell, we pledge adherence to the above policy in selling used cars.

HUPP DEALERS ARE CHEERED BY SALES VOLUME

July business, totaling 5010 Century Sixes and Eights, the largest daily in Hupmobile history, enabled the Hupp Motor Car corporation to close the first six months period of 1928 with total shipments exceeding those of the entire year of 1927, according to word received by the LaFranz-Hilscher Motor company.

"This year's unprecedented demand for Hupmobile cars, which has been setting up an unbroken series of new monthly factory records for production and shipment ever since the introduction of the Century models last winter, continued its impressive influence right down to the announcement of the 1929 Century line at the beginning of August," they declare.

The figures show that shipments during the past month reached a total of 5010 cars, this being the largest number ever shipped by the company in any July of its 20 years' history. This year's July shipments are 95 percent greater than those of the same month a year ago.

Consecutive new monthly records brought aggregate shipment for the first seven months of 1928 to a total of 43,434 cars, an increase of 18,557 over the 24,877 cars shipped in the same period of 1927. It is pointed out that the January-July period of the present year not only set a new seven months' record for the company, but in point of number of cars shipped it was actually in excess of the entire 12 months of 1927, when shipments totaled 41,160.

Shipments to Canada and foreign countries kept pace with domestic business during the seven month period. Since January 1 of the present year 1439 cars were shipped to Canada against 917 in the same period of last year, and against a total of 1144 for 1927.

July exports this year were 415 cars, compared with 180 in July, 1927. Seven months' exports this year have aggregated 3521 cars, against 1782 in the corresponding period a year ago and 2743 in the full 12 months of 1927. "In other words," says the statement, "our seven months shipments have exceeded our full 1927 figures in every department, domestic shipments being 105 percent, shipments to Canada 126 percent, and exports to foreign countries 128 percent of the entire totals for last year."

Improper Arm Signals Common Accident Cause

One finger waved merrily for a short time out of the window of an enclosed car means nothing; but an arm held straight out during the last 50 feet traveled before the contemplated turn says "I am going to turn to the left."

Failure to give proper arm signals is shown by statistics, gathered by traffic experts throughout the United States, to be one of the most common causes of motor vehicle accidents.

These statements are the highlights of the most recent of a series of "safety bulletins" now being issued by the National Automobile club.

This failure to signal properly, the bulletin states, includes not only the absolute refusal to take notice of the existing necessity to inform other motorists of intended change of direction or pace, but also the careless execution of signals and the neglect to give the correct signal for a particular movement.

Worst of all offenders in the matter of improper signal is the driver who is absolutely oblivious to the fact that hand or arm signals exist. This transgressor is easily recognizable by his propensity for—out of a clear sky—coming to an abrupt stop or making a wild turn without so much as winking an eye. Bad results of such actions are too well known to need elaboration, according to the safety bulletin.

Giving an arm signal at the wrong time—that is, too late or too early and not holding it long

enough—is almost as bad an offense. When the signal is given late, just as the turn is made, there is a good chance that the driver following will not have time to make the proper move. If one car goes into a left hand turn with another following close behind, the rear car will have a hard time in handling the situation and that odds are not at all bad that he won't handle it, but will bump into the offender.

The consequence may be serious. At least the fenders of either car will suffer, even the best made bumpers not being in a position to guard against side-swiping.

When a late slow-down signal is given the guilty party obviously takes a big gamble on the alertness of the braking system of the man behind. Brakes are getting better and better, but there is always that imperative need to reckon with the other fellow. He may not be watching his business, either.

Giving the wrong signal at the right time is the "greatest unpardonable" in the opinion of a great many motorists. This offense may be due to ignorance, or carelessness—at any rate it is a bad one and the cause of countless mishaps, the records show. A right hand turn signaled when a left is contemplated, or vice-versa, is the cause of some of the most serious intersection accidents on record, and intersection accidents constitute 74 percent of the total.

HOT OFF THE GRIDDLE

Continued From Page One

world, takes a little time off to talk about success. As all successful men do, he talks common sense. And he talks with authority, having worked himself up from an oil wiper in a locomotive shop. He says a poor boy has a greater opportunity for accomplishment than a rich boy. The greatest men in this world were all poor boys.

BOILED DOWN TO THE BONE so that all may read it quickly, here is Mr. Chrysler's formula for all poor boys who want to succeed: "Start your job with enthusiasm, whatever it is. Do a little more than is expected of you. Give the boss a little more than he expects and he will see you are rewarded. If he doesn't, find another boss." Good advice, about which all bosses will agree. But Mr. Chrysler might have added: "Make yourself so valuable to your boss that he can't fire you and will have to raise your pay if you threaten to leave." THAT can be done, TOO, but few employees seem to realize it.

NEWSPAPER EDITORS WHO

A BROOKLYN MOTHER, CONVINCED that the "tright cure" will restore the speech of her little son, carries the terrorized child to an airplane and sends him up 5,000 feet for a series of loops, tailspins and drops, until he comes down in convulsions. In the sign language he pleads with her to keep him on ground. If the second flight doesn't make him talk she says she will take him on the dizzyest scenic railway she can find. The family doctor hopes the shock of it will cure the boy. The Spanish Inquisition had nothing on this. After this bright family has paid the aviator and the doctor it probably will have to pay a bill to the undertaker.

A GROCER IN VALPARAISO, Ind., gives a \$25 airplane ride to every cash purchaser of \$25 worth of groceries. He is doing a land office business and makes a profit after all airplane expenses are paid. Twenty-five years ago a New Haven, Conn., merchant had a similar idea. Every purchaser of a suit of clothes was driven to his home in a Winton car of a forgotten vintage. New customers enjoyed the sight of frightened horses on Church and Chapel streets.

The Shrine of the Bear Flag

This historic building, still standing in the city of Sonoma, was the scene of the making of the Bear Flag and the capture of General Vallejo, the Mexican commander. From the balcony above, the Bear Flag was first displayed after it had been carved out with a bowie knife from the miscellaneous strips of cloth. The car in the photograph is a Chevrolet cabriolet which recently made a trip into this interesting country.

Automobile Is Success Symbol

"It is common enough for people to regard the man who owns a car as more successful than the man who doesn't," says J. P. Strom, Oakland-Pontiac dealer, "but as a matter of fact the man who owns a car often finds that it enables him to become worth more than he was in the days when he was walking and riding in street cars."

"Automotive transportation does for the individual exactly what it does for a business house—it enables him to work and live with more efficiency and a valuable economy of time. Commerce and industry would not think of trying to get on without the automobile. And the individual finds car ownership just as advantageous."

ammunition, etc., amounting to \$4,000,000.

On these estimates is based the total economic value of deer hunting for a single year in California, some \$4,776,000, or approximately six percent on the investment.

Stewart's Road Is In Condition

The road from Healdsburg to Stewart's Point via Skaggs Springs is in good condition, according to the touring department of the National Automobile club. However, this is a mountain road, and advisable only to experienced mountain drivers.

There is pavement for 2.1 miles thence, excellent improved gravel road to Skaggs Springs. Beyond that the road narrows, windings, and has some heavy grades, but the roadbed is excellent. There are numerous gates on this road, but at the present time they are open and cause no delay in traffic. There are numerous up and down grades averaging from 10 to 15 per cent, but the heaviest grades on the entire road are encountered at a point eight miles from the coast at which point there is a two-mile climb over grades running from 15 to 18 per cent, and similar grades are encountered from the summit down to Stewart's Point.

Fine Fishing Attracts Waltonians To Oregon

Fishing conditions will be at the best in the lakes and streams of southern Oregon during August and September, according to the touring department of the National Automobile club.

Following is a late report on the most popular lakes and rivers of that district: Crescent lake—the fishing here is done mostly in boats, trolling very deep and slowly. The fish are Rainbows and some enormous specimens are being taken this year. The sides of the lake are very steep and the precipitous, the timber reaching to the water's edge. Soundings have proven this lake to be more than 2000 feet deep. There is excellent fly fishing in late summer on the southern and eastern shores of this lake near the mouth of Crescent creek.

Odell lake, located eight miles from Crescent lake, is also a crater lake and soundings have indicated the depth to be around 2000 feet. There are some shallow waters at the southern and eastern ends of Odell lake in which there is excellent fly fishing during August and September. The best method of fishing this lake is to use a power boat, going to the northern and western ends of the lake and drifting back with the wind which blows every afternoon. Splendid fishing conditions now prevail on the Deschutes river and some excellent catches have been taken with Royal Coachman fly, changing to a Black Gnat as the evening approaches.

Elk Lake, very beautifully located, is a fly fisherman's paradise, inasmuch as the timber is sufficiently far back from the water to allow plenty of room for casting. Fishing is done mostly with a fly, using a Royal Coachman, Professor, March Brown and Black Gnat. The fish are Eastern Brook and vary in size from a pound and a half to three pounds. Big and Little Lava lakes: These lakes are located one-fourth of a mile apart and derive their names from the great mountains of lava which practically surround them. Fishing is done with a fly from the shore. Royal Coachman, Professor and Black Gnat are used almost entirely. In August and September these two lakes offer as fine sport as there is to be had in Oregon.

Rogue River: On this river, between Sam's Valle and Grant's Pass, are located some very wonderful "riffles." These are world famous and each year have come sportsmen from all over the world to fish these waters. Between August 1 and the last of October,

U. S. SPENDING \$12 PER CAPITA FOR HIGHWAYS

Every man, woman and child in the United States will have an interest of nearly twelve dollars in America's road building program for 1928.

The above statement was issued by the California State Automobile association and is based on the estimated sum of \$1,300,025,776 to be spent for highway construction this year and a population of over 120,000,000 people.

"This program," the Automobile association said, "means that at the close of 1928 the surfaced highways of the nation will total more than 600,000 miles and the Federal Aid system, comprising over 185,000 miles of important interstate trunk lines, will be near the stage of two-thirds completion."

The following striking figures were received by the State association from the American Automobile association, the nationwide motoring organization with which it is affiliated:

There has been a total of 71,074 miles of the Federal aid system completed, as of June 30, 1928, through Federal assistance, with 19,779 miles under construction and 3118 miles approved for construction.

The total mileage of highways of all types to be constructed by the various states during 1928 totals nearly 31,000 miles.

Expenditures for 1928 for construction and maintenance represent an increase of more than \$225,000,000 over 1927, when \$1,123,607,055 was spent by highway building agencies.

The estimated cost of Federal aid roads under construction, as of June 30, 1928, \$261,754,800, of which the federal government is paying \$105,297,930. The estimated cost of the projects approved for construction is \$67,461,518, of which the government's share is \$25,741,403.

The importance of the Federal aid program is strikingly shown by the fact that the states, with this work as an incentive, are building nearly two miles of highway for each mile built with Federal co-operation.

ped in the north tracks. It is pointed out by the Legal department of the California State automobile association that a good driver is careful at all times and should anticipate situations involving danger.

Orr's Spring Road Attractive

An attractive lateral from Fort Bragg to Ukiah is via Mendocino and Orr's Hot Springs, according to the touring department of the National Automobile Club. From Fort Bragg there is an excellent graded gravel highway to Mendocino, and 21 miles south thereof, at which point the road branches east to Ukiah.

To Melburne and Comptche may be classed as an improved road, having been graded and widened, and although the road winds up over low mountain ranges, it can be made in high gear. There are no grades on this stretch to exceed 10 per cent. After leaving Comptche the road is narrower and grades to 14 per cent will be encountered, but the roadbed is excellent.

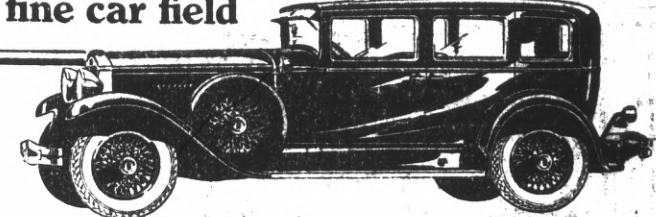

Between this point and Orr's Hot Springs several summits are crossed, and although the road bed continues good, grades up to 18 per cent and down to 20 per cent are encountered. Right after leaving Orr's Springs the road winds up grade to the summit. From the summit there is a seven mile down grade.

Watch Pedestrians Warning Is Issued

It is the duty of a motorist to anticipate that a pedestrian may appear from behind a street car and to have his automobile under requisite control, according to a recent decision in the California District Court of Appeal. The opinion was rendered in a case of a motorist driving in the south street car tracks past a car stop-

NEW CENTURY MODELS START LARGER WAVE OF BUYING

Comparison
with all new offerings
now confirms Century leadership
in fine car field

New models, with new and brilliant features, refinements, and improvements, with metal tailored finish in all details throughout,—now herald the Century's newest and biggest advancement in the fine car field.

Even now, Century sales figures foretell the whole dramatic story of a public demand for modern beauty and thrilling motor car performance which finds its best expression in the fleetness, stability, beauty and tailored-metal

completeness and finish of the Century Six and Eight.

A phenomenal success, without a moment's pause,—month after month—is now climaxed and advanced by a newer and more brilliant beauty to clothe the Century's most substantial offering in the fine car field.

Forty-two body and equipment combinations, standard and custom, on each line. Six of the Century, \$1345 to \$1645. Century Eight, \$1825 to \$2125. All prices f.o.b. Detroit.

HECKS RETURN FROM
STATE MOTOR TOUR

Mr. and Mrs. A. Heck, who have been enjoying a pleasant motor tour of Southern California and of Yosemite have returned to their home in Twenty-fifth street.

Sinister Faces

Clive Brook, Fred Kohler and Bacanova in Paramount's melodrama "FORGOTTEN FACES," at the California Theatre today.

SELLS FLOTO CIRCUS OPENS ON SATURDAY

The circus is coming to town. Everything is ready for the coming of the Sells Floto circus to Oakland next Saturday, Sunday and Labor Day. Two performances daily at 2 and 8 afternoon and evening.

Every schoolboy in the land knows that the Sells Floto circus is a national institution and that his respective native hearth suffers a terrible calamity if the big circus fails to pay it an annual visit. The elation of the school kiddies knows no bounds now that they know the circus will be shown here.

Sells Floto circus management proudly announces that everything is new except the name and that is so well known to every city and port that it would be like slicing the world in two to separate that name from American circusdom. As long as there's an American youth the name of Sells Floto will exist. It's place in the amusement world has become so established that to get along without it would be like doing without our staple government at Washington, D. C.

Three herds of elephants open the circus tournament presented by Sells Floto Circus, introducing lady elephant trainers, Effie Ralston, Irene Ledgett and Bobby Corbett.

Then a ceaseless procession of athletic specialties fills rings, rigging, platforms and hippodrome oval. There are riders of note in the circus world which includes George Hanneford and the Riding Hannefords, Irene Ledgett, the Fashion Plate of the white tops, Cecil Lewand, Monna Connors, whose wonderful feats in horsemanship has never been equalled. Marvelous iron jaw act of Dom Lawrence, Kimball Sisters, Anita Lamar, and King Sisters in their wonderful exhibition in the high dome of the canvas, displaying evolutions in mid-air which has no like or equal in all realms of the circus; The Ten Tenglers Arabs, and other well known athletes in astonishing innovations; Sells Floto Famous Manege act, wonderful Kentucky thoroughbred equines, ridden by 50 ladies and gentlemen; Bert Sloan, the acme of perfection in the art of tight wire performance; The Flying Wards in desperately dangerous and daring acrobatic are collective and individual gymnasts whose claims to preeminence are not disputed; Emma Ward, world's champion lady aerial gymnast hanging by one hand from a suspended rope, this little lady casts her body over her own shoulder as many as 125 times without a pause, Peter Taylor, King of wild animal taming, will present for the first time in circus history collection of Siberian and Bengal tigers and African lions, and many more troupes and acts too numerous to mention, which have been imported for their novel demonstrations aground and aloft and who have made a sensation abroad. The active participants in arena exploits number five hundred and clown—a bunch of them right up to the minute to delight the kiddies.

CROOK STORY WILL PLAY AT CALIFORNIA

An authentic detail of prison life, copied from the regular daily routine of a real penitentiary, was enacted at the Paramount studio in Hollywood recently. It was the night lockdown, during which all of the convicts are returned to their cells and locked in.

It was taken during the filming of "Forgotten Faces," a contrasting melodrama of society and crook life, which will show at the California theatre today.

Convicts, marching in irregular order, passed down a long cell block, falling out as they came to their respective cells to be locked in by a trusty and a uniformed guard. Above the cell block corridor on a high guard walk paced other uniformed men, armed with rifles.

Fifty extras, garbed in regulation convict garb, were used in this scene which was filmed in the tremendous prison set erected at the studio for the picture. Clive Brook and Fred Kohler, two of the cast, were also among the screen convicts herded to their cells.

In order that all prison scenes of the picture might be authentic, Director Victor Schertzinger and Howard Estabrook, writer of the screen play, visited a state prison, and, through the courtesy of the warden, made an exhaustive study of conditions there.

Bacanova, famous Russia dramatic star, Mary Brian and Jack Linden are other members of the cast.

Lloyd Hamilton in an Educational comedy entitled "Always a Gentleman," the latest Fox news and a Felix the cat cartoon will also be shown.

GEO. O'BRIEN IS NATIVE OF SAN FRANCISCO

Few, indeed, are the motion picture actors who have had a chance to master as many phases of production as has George O'Brien, the star of "Sunrise." In his career in Hollywood, almost all of which has been spent under the banner of Fox Films, he has been successively a camera man, an extra, a double doing "stunts" for stars, a featured player and now a star in his own right.

Before entering his life's work O'Brien had gained fame on the west coast as an athlete, having made a name for himself as a star player on the football and baseball teams of the Polytechnic High school in San Francisco. Many colleges made bids for him on account of his prowess, but he came just when the war broke out and he promptly enlisted in the navy. After the war he gave up ideas of going to college and went to Hollywood instead, quickly working his way through the ranks until John Ford gave him the opportunity to play the lead in "The Iron Horse." The great success which he made of that role earned him a long term contract with Fox Films and he carried off honors in a succession of parts which followed. He has been seen in a number of first class productions. His role in "Sunrise" marks his arrival at the top of his profession and his promotion from the purely heroic sort of role to a kind which requires the highest degree of histrionic ability.

Murnau Film Is Coming To Local Theatre

"Sunrise" the first picture made in this country for William Fox by the noted European director, F. W. Murnau, which will have its Richmond premiere tomorrow at the California theatre, is the most pretentious film ever produced by Fox Films, having cost twice as much as "What Price Glory," and three times as much as "The Iron Horse." Part of the great cost of the picture went into the building of a set showing the heart of a great city, a set acknowledged to be the most remarkable thing of the kind ever erected in Hollywood, and which is to be compared only to a set

Laughter Follows Tears

George O'Brien and Janet Gaynor in a scene from "SUNRISE" coming to the California Theatre tomorrow and Tuesday.

showing an amusement park which is shown in the same picture.

"Sunrise" is so crammed with novelties originated by Mr. Murnau that as soon as it was exhibited in Los Angeles it immediately became a Mecca for other motion picture directors who were anxious to master its innovations. The tremendous popularity of this picture is due, however, to its highly dramatic story and its unequalled realism. The innovations which Mr. Murnau introduced only increase the dramatic interest.

The cast of "Sunrise" is headed by Janet Gaynor and George O'Brien. Others who have important parts are Margaret Livingston, Bodil Rossing, Farrell Macdonald, and Ralph Sipperly. Will Rogers and Topics of the Day will also be included on the program.

**CAMPFIRE GIRLS
READY FOR COUNCIL**
Laqua Camp Fire Girls met Friday to spend a busy evening painting camp and local honor in preparation for the coming Council Fire scheduled for August 31. Miss Maude M. Wood is councillor of Laqua camp.

Richmond post No. 10, American Legion, and their friends, enjoyed a dance last night in Memorial hall with Dennis Shaw's orchestra providing the music for the dancing. J. J. Barry headed the committee in charge of the event and announced that another dance will be held on September 22.

THRILLS HOLD INTEREST IN WEST PICTURE

If you like fast riding, quick shooting and thrills that keep you on the edge of your seat, go today to the Richmond theatre, which is presenting "Put 'Em Up" the Universal western starring the handsome cowboy, Fred Humes. The tang of the western plains colors every inch of this picture, and the two-fisted men who live in this region are called upon to fight and love as only they know how to do. When danger comes, they can think clearly and act quickly and "Black Jake" Lannister, the sneaking villain, finds that he is playing with dynamite when he tries to harm the friends of Tom Evans, the hero.

The picture is spiced with some extremely difficult riding scenes in which cowboys leap from the seats of their flying steeds out into space and land on the backs of the villains gang. Riding down almost perpendicular hills at break neck speed is a common occurrence. This picture has some of the most difficult feats of riding seen in any picture that has shown here.

DEATH LIST OF JULY HITS 150

SACRAMENTO, Aug. 25.—One hundred and fifty persons lost their lives and 670 others received injuries of a serious nature in motor vehicle accidents in California during the month of July, the division of motor vehicles reported today.

Of the dead, 135 were adults, and 15 were children. The division also lists 1644 as having received minor injuries in traffic smashups.

An analysis of the accidents by the division shows 58 of the deaths occurred within the boundaries of cities over 7,500 population. Ninety-two persons, however, lost their lives in wrecks that occurred largely along boulevards.

As usual the "road hog" with his failure to yield the right-of-way was responsible for the major share of the accidents. The division finds that in 363 accidents during the month involving deaths and injuries, the driver failed to give way while in 224 others the driver was on the wrong side of the road.

Intoxicated drivers were responsible for 144 smashups, reckless drivers for 278 others and careless drivers for 207 others. Speeders contributed 227 accidents to the toll.

Cutting-in was responsible for 136 smashups. Speeding on the curves was blamed for 37 others. There were 161 motorists who drove off the road and fell into ditches. Steering gears went wrong in 28 cases brakes didn't hold in 63 others and blowouts contributed 29 other accidents. Twenty-eight drivers went to sleep and awakened to find themselves in the ditch.

BROTHERHOOD HONORS RECENT BRIDGE PARTY

Members of the Fraternal Brotherhood prepared a delightful party and shower Friday evening for Mrs. Theodore Viamonte, Jr., at the home of the bride's mother, Mrs. Margaret Simpson, 449 Adams street in Albany. Previous to her marriage a week ago Mrs. Viamonte was Miss Belle Simpson.

LOCAL WOMEN PLAN AIR TRIP TO SOUTH

Mrs. L. G. Griffin and Miss Valdmar Blake will leave the first of the week for Los Angeles by airplane for a week's visit. They will also return by airplane. Mrs. Griffin and Miss Blake have recently returned from a pleasant stay at the De Borden ranch in Clayton.

ABBOTS RETURN FROM NORTHWEST MOTOR TRIP

Dr. and Mrs. U. S. Abbott have returned from a motor trip through the northwest. Places visited by them on their tour were Yellowstone, Glacier National park, Banff, Lake Louise, Calgary, Victoria, Vancouver, Seattle and Glacier Lake. They were gone for four weeks.

Social And Dance By Fire Laddies

Members of the Volunteer Fire Department of El Cerrito held a social and dance last night in the city hall. Music was furnished by Charles Soldavini on the drums and Kilt Morrell on the accordion. At a late hour a supper was served by a committee headed by Fire Chief Arthur Byrd and Assistant Chief O. A. Burnett.

CHURCH SERVICES

UNITY CENTER
Richmond clubhouse, 1125 Nevada street.
Unity is not a sect but a school of spiritual research. Unity teaches that the principle which Jesus Christ did the work is still operative.

The Unity publications do not present criticisms of any faith; they give constructive suggestions. Approximately two and one-half million people are at present applying Unity methods to the harmonizing of the difficulties that arise in life.

TRINITY LUTHERAN CHURCH
Barrett avenue and Nineteenth St. Rev. A. W. Koehler, pastor.
Address 1912 Barrett avenue.
A cordial invitation is extended to those who are without a church home to attend our services.

There will be no divine services at Trinity Lutheran church this Sunday morning, since a joint Mission Festival of the Lutheran Churches (Mission Synod) of the East Bay district will be celebrated at the gymnasium of California Concordia college, 64th and Brann Sts., Oakland. Trinity Lutheran church is joining in this

festival and all members and friends are cordially invited and urged to attend this festival.

Two services will be held at this joint Mission Festival. A German service will take place at 11 o'clock in the morning at which the Rev. S. Hoernick of Napa, Calif., will deliver the address. An English service at 3 o'clock in the afternoon, at which the Rev. J. H. Hiemann of Pomona, Calif., will speak. Both speakers will treat about Mission work and the missionary command of our Lord Jesus Christ in their addresses.

The Sunday school of Trinity Lutheran church will meet at 9 o'clock at the Sunday school hall. The children are kindly asked to bring a picnic lunch. If your children are not enrolled in any Sunday school, you are invited to send them to our school.

The lesson in the Junior department is "Ruth."

Sharkey Has No Answer For 50-Million Grab Bill

(Continued from Page 1)
humorous ridicule, would like to know, so that she may tell the hundreds of hard-working women.

"We defy you to say that you were looking out for the interests of 'the men and women who toil' when you cast your vote for that bill!"

GOVERNOR YOUNG HOLDS NOSE
Governor Young held his nose at contemplation of that bill, and it went the way it deserved to go. He vetoed it.

"BY THEIR ACTS"
And another question, Senator Sharkey: Your chief supporter parades you before the public as a paragon who loves the units of organized labor, and yet the building you are erecting at Martinez is being erected by "unfair" methods.

Say this is not true.

HOW DO YOU PLEAD?
You have dodged, and ducked the roll calls at Sacramento and thought to get away with it. And now you seek to dodge and duck plain, simple questions that any normal, ten-year old grammar school boy or girl would be able to answer.

How do you plead?
Are you Guilty or Not Guilty?

Woodmen Grove And Circle Have Social Evening

Bay View grove Supreme Forest Woodmen circle and the Pacific Woodmen held a social evening at the home of L. A. Wade in San Pablo, Boston Ivy, sweet peas and daisies were used to decorate the rooms of the spacious adobe house.

Games were enjoyed by those present and at a late hour a supper was served during which William J. Gibbs of San Francisco, state manager of the Pacific Woodmen, delivered a short talk. Twenty members of the two lodges were present and the committee in charge of refreshments was Mrs. Alice Marsh, Miss Rose Callina and Mrs. May Wallin and Joe Gardella, H. D. Turner and A. E. Wallin.

MRS. TILLIE NELSON IS LUNCHEON HOSTESS

Mrs. Tillie Nelson was a hostess this week at a pleasing luncheon honoring Mrs. A. Anderson and Mrs. Otto Peterson of Minneapolis. The honorees having completed satisfactorily a business trip they will leave for their home today. Guests at the affair besides the honored guests and the hostess were Mrs. D. Erickson and Mrs. Charles Johnson.

PASSION PLAY TO BE SHOWN AT CHURCH

The Passion Play, depicting the life of our Lord, will be shown this afternoon in St. Paul's church hall, San Pablo. The films will appeal to all creeds and the public is invited to avail itself of the opportunity to witness this interesting religious performance.

Performances will begin at 3, 7 and 8:30 o'clock p. m. and tickets can be secured at the hall.

RETURN HOME HERE AFTER PLEASANT TRIP

Mr. and Mrs. Carl Ross, having spent the past few days in Watsonville, where they went on a combined business and pleasure trip, have returned to their home on Twelfth street.

Wet and Dry Somersault Of Sharkey

(Continued from Page One)

intendant of the California Anti-Saloon League, in a letter dated August 8, 1928, replying to one addressed to him, wrote:

"I AM SORRY TO HAVE TO REPORT THAT MR. SHARKEY'S RECORD IN THE SENATE HAS BEEN CONSISTENTLY WET."

"IN THE LAST SESSION OF THE SENATE HE VOTED AGAINST THE STILL BILL, INTRODUCED BY SENATOR HERBERT C. JONES OF SAN JOSE, MAKING IT A FELONY FOR THE FIRST OFFENSE UNDER THE STATE LAW. THE VOTES AGAINST THE BILL WERE, SENATORS J. M. ALLEN, CANEPA, CROWLEY, FELLOM, GRAY, MALONEY, MURPHY, SHARKEY AND TUBBS—ALL CAU FRANCIS CANS BUT SHARKEY. THIS LAST VOTE WAS PARTICULARLY DISAPPOINTING TO ME SINCE I HAD RECEIVED ASSURANCES FROM SHARKEY THAT IF RETURNED TO THE SENATE HE WOULD VOTE AGAINST ANY PROPOSED WEAKENING AND FOR ANY NEEDED STRENGTHENING OF THE PROHIBITION LAW."

Sincerely yours,

A. H. BRIGGS.

(The Record-Herald has the original of this letter and will be glad to show it to any one honestly interested.)

CANDIDATE VS. SENATOR Sharkey the Candidate, an extreme Dry, and Sharkey the Senator, an extreme Wet.

If Sharkey would break a pledge of that kind, made to Dr. Briggs, is he to be trusted? Is he fish or fowl?

CRESKIT EUNDO PLANS FOR PARTY ON BEACH

The jolly beach party planned by members of Crescit Eundo was a decided success last evening. A portable phonograph furnishing music for a beach "dance"; swimming, out-of-door games and a roaring bonfire, not to mention good food formed the highlights of the affair.

Gay Vargas who left here suddenly last Monday morning for Los Angeles returned here yesterday to his home in 150 Fifth street.
